From the Publisher

This is the first special edition issue for Quantum Hologram Technology Magazine. It is a companion edition to Human Quantum Holograms Magazine Special Edition – Viruses. We hope that all readers find this periodical helpful and informative. We shall endeavor to make this magazine enjoyable as well as educational. Please feel free to comment or send in suggestions for future articles – please limit your communications to 250 words. You may opine us via email at qi-press@29tec.us

Address your communications to: QI Press
P.O. Box 530056
Debary, FL 32753-0056

QUANTUM HOLOGRAM TECHNOLOGY

SPECIAL EDITION – PREVENTING VIRAL INFECTIONS

This Special Edition of Quantum Hologram Technology magazine will help you avoid “catching” any virus. This magazine is divided into two sections: Prevention techniques and emergency alternative medicine techniques if professional medical care is not available where you live.

INTRODUCTION

I wish I could tell you that building and using a Quantum Field Interface Technology (QFiT) *device* would save you or your loved one – if you or they are already infected with a deadly Virus – however I cannot. Viruses are simple, primitive life forms, with simple system level Quantum Holograms (QH) that “can hide in plane site” inside the bodies of most people today because most people are deeply **discharged** with little to no **Quantum Energy (QE) stored or generated** in their bodies.

As a result 80 percent of the population does not have the second Quantum Hologram (**QH2**)! Because you (or your loved one) do (does) not have the second QH (**QH2**) your immune system cells cannot differentiate between your cells and the invading organisms. Most of the deaths thus far (Mar2020) attributed to the “Covin-19” or “Corona Virus” have been elderly people, people with existing health conditions and people with compromised immune systems – thus the pneumonia component of the disease process is fatal for such patients.

If you have a fever, cough and or difficulty breathing and chest pain – SEEK PROFESSIONAL MEDICAL CARE!

If you have the 3 primary symptoms of “Covin-19” or “the Corona Virus” (fever, cough / difficulty breathing and chest pain) and cannot get emergency medical care where you live – skip to section 2 of this magazine!

If the city you live in does not yet have reported cases of the Corona Virus and you do not have the 3 primary symptoms – you can keep yourself and your loved ones from getting this virus by following the procedures and techniques presented in Section 1 A and B. NOTE: If you have a compromised immune system or you are “elderly” the procedures and techniques presented in Section 1, A and B may not help you! Skip to section 2 – Emergency Alternative Procedures.

This magazine supplement shall present how-to instructions for building Quantum

Field Interface Technology (QFiT) *devices* that keep your Mind-Body-Hologram system **fully charged** – you can build or modify an Iron Wall ORAC (IWO) of Dr. Reich’s design to **recharge** yourself (Section 1, A) or you can build a Quantum Hologram *Recharger* (Section 1, B).

Why – because if you are **fully charged** and you have your second Quantum Hologram (QH2) – no virus can invade your body! If you keep yourself **fully charged** (with **Quantum Energy**) you will never get sick – ever again!

The second section of this magazine special edition shall provide emergency alternative medicine techniques if you live in a city that is overcrowded and all health care providers are overwhelmed or you live in a remote area that does not have professional medical care available. - - J. Mahaffey

For more information about Human Quantum Hologram Science read my books and the other Human Quantum Holograms magazines such as the companion to this magazine Human Quantum Holograms Magazine: Vol 2, No 1 Special Edition - Viruses

SECTION 1 – PREVENTION

PART A – KEEPING YOUR SELF FULLY CHARGED - IWO

The Quantum Hologram Amplifier (QHA) or IWO

In my book Dr. Reich’s Cancer Killing Machine I tell you how to build two types of *devices* that **recharge** your Quantum Holograms. Either *device* will keep your Mind-body-Hologram system **fully charged** or **recharge** you if you are discharged and exposed.

You can also obtain a copy of Dr. James DeMeo’s book The Orgone Accumulator Handbook that contains construction plans to build a Therapeutic Orgone Accumulator of Dr. Reich’s design. Make certain you connect the east and west inner sheet steel wall panels to a good “radio” (Earth) ground.

Obviously if you already have an IWO of Dr. Reich’s design – all you have to do is use to keep yourself **fully charged**.

WARNING – If you are already infected do not use an IWO (QHA) to **recharge** yourself! Go to Section 2 of this magazine. - - S. Thompson

PART B – KEEPING YOUR SELF FULLY CHARGED - QHR

The Quantum Hologram Recharger (QHR) a brief overview

I discovered a *device* that releases pure **Quantum Energy (QE)** from the **Material Cause (MC)** or “Quantum Field” (formerly known in the scientific community as: “the static Ether”, “the Void” and “the Vacuum”) in late 2002 when I was building and testing the various devices of the Neo Pioneers that filled the Internet at that time! These Neo Pioneers were mixing and matching the work of the Great Original Pioneers Dr. Wilhelm Reich and Dr. Galen T. Hieronymus! It was clear to me they (the ‘Neo Pioneers’) did not understand what they were talking about. And they clearly had a secret agenda. Even so by testing the *devices* they were presenting as their own – I learned a great deal about Quantum Field Interface Technology (QFiT).

The device I discovered in late 2002 is a **Quantum Energy Transformer (QETR)**. The **QETR** causes the **MC** to release the pure **QE** into our side of the Universe Event Horizon (UEV).

NOTE: If this not a review for you and you are just reading about this for the first time – I explain all of this in my Quantum Hologram Technology (QHT) books and magazines. QHT is a subset of QFiT that is concerned with Quantum Holograms not **Quantum Energy**. If you want to know more about **Quantum Energy** – read my Quantum Interface Technology (QiT) books and magazines. Also my foremost student and exponent Dr. Sigurta J. Thompson, Ph. D., mentored and taught my theory to Dr. Catherine P. Johansen, Ph. D., who just revised my first Quantum Hologram Technology book.

I developed the Laws of Quantum Hologram Mechanics during my investigations of **QETRs** and my subsequent testing of a room size **QETR**. If an organism’s physical body can be contained inside the central chamber of a **QETR** – I defined that **QETR** to be a Quantum Hologram *Recharger* (QHR). All **QETRs** are **Quantum Voltage (QV)** “sources” because they can deliver any **Quantum Current (QI)**. (Since I discovered during the course of my testing there was an Ohm’s Law like equation for **QE** that all current, voltage and resistance components in this dimension – I kept the Electrical Science definitions of Voltage and Current Sources.)

The following differential equation defines the basic theory of operation for the **QETR**:

$$3. \Delta MTR + \Delta QP = \Delta QE$$

This “delta equation” means: the change in matter plus the change in Quantum Particles equals the change in **Quantum Energy**.

NOTE: The next issue of Quantum Hologram Technology magazine will explain how I derived this differential equation.

You can build a **QHR** using common home building materials available from any hardware store or building supply warehouse (Home Depot, Lowes etc.)

In fact if you live in an old house that was built in the 1950s with plaster walls with steel lath support wire (not the later paper support backing) – you already have a **QHR**!

My friend and foremost student will explain how to build a simple effective **QHR** in the next article. And his friend and student will explain how to use the **QHR** you build to recharge your **QE** and restore your system level Quantum Holograms (**QH1** and **QH2**). - - J. Mahaffey

How to build a Quantum Hologram Recharger

This article is a Do It Yourself - Instruction Set (DIYIS). I do not explain the Theory of Operation in this article.

Goal Summary for this DIYIS: you will be building a small wood frame box with old style steel lath and plaster walls. The east and west walls will consist of 3 plaster walls each, the north and south walls will each be a single plaster wall only. The ceiling will also be a single plaster sheet. Essentially you are building a small plaster wall room that you will sit in. See Diagram 1. If you can build your **QHR** upstairs on in a tree house do so.

The first thing that you have to decide is – do you want to stand or sit in your **QHR**? If you build a **QHR** that you can stand in – you will also be able to sit in it – if you measure the North – South dimensions for sitting. (Building a **QHR** for sitting only is less expensive.) After you make this choice you must determine your physical dimensions. I am presenting in this Chapter a seated only **QHR**. You can transform the chair **QHR** into a standing model by following the dimension changes that I will include at the end of the measurement section.

So what is the width of your shoulders when you are seated? If your elbows stick out past your shoulders – measure this dimension and use it. What is the height of your lower leg when you are seated (floor to back of your thigh)? I would recommend that you find a nice wooden chair that is the correct height off the floor for your legs. Then measure yourself in the chair – the height of the top of your head to the floor and the width of your shoulders and hips while sitting on the chair. See Diagram - 2.

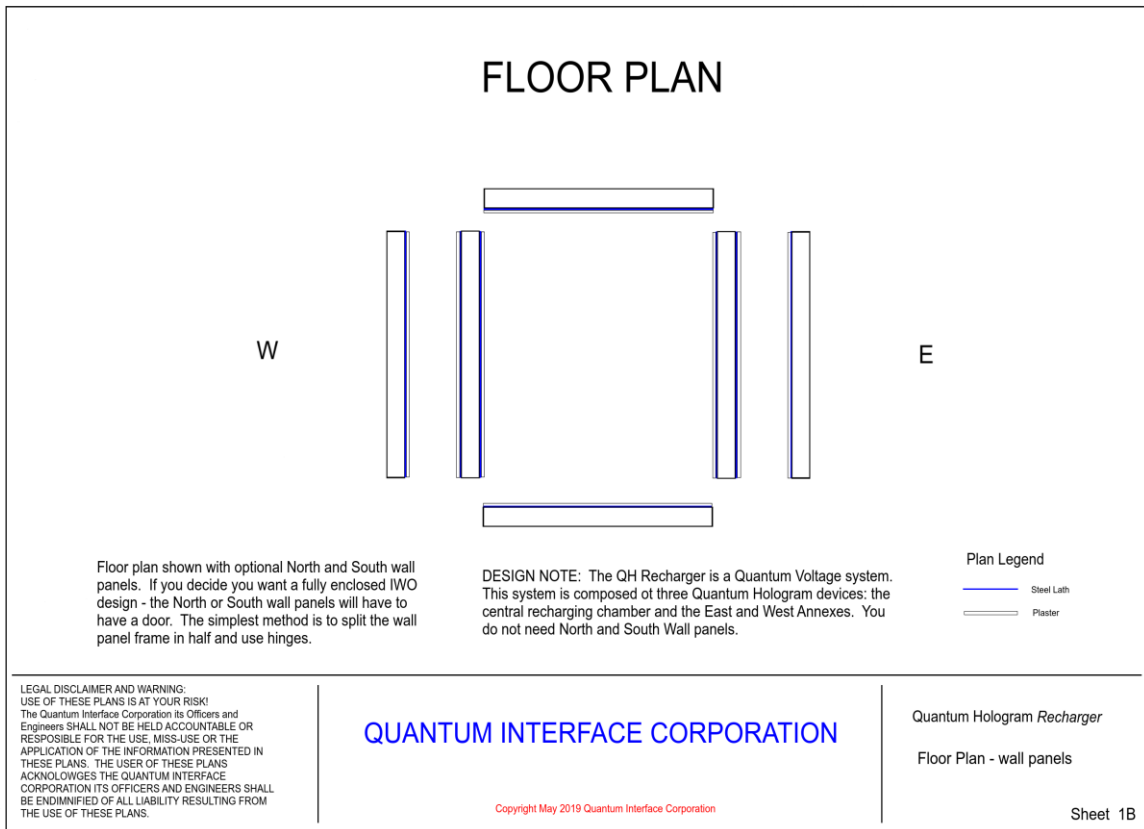

Diagram - 1: Floor plan for a Quantum Hologram *Recharger*

NOTE: The plan shown is a portable design so be certain to electrically connect the 4 steel lath plaster support wire screens of the inner wall panels before you apply the plaster of Paris. You do not need to leave the 4 inner wall panels apart as shown. You can build a door in ether the north or south wall panel. The second east and west wall panels do need to be apart from the inner wall panels. If you do not know how to plaster the old fashioned way – there are how to instructions and videos on the Internet. The 4 inner wall panels made of 2x4 wood frames have steel lath on both sides.

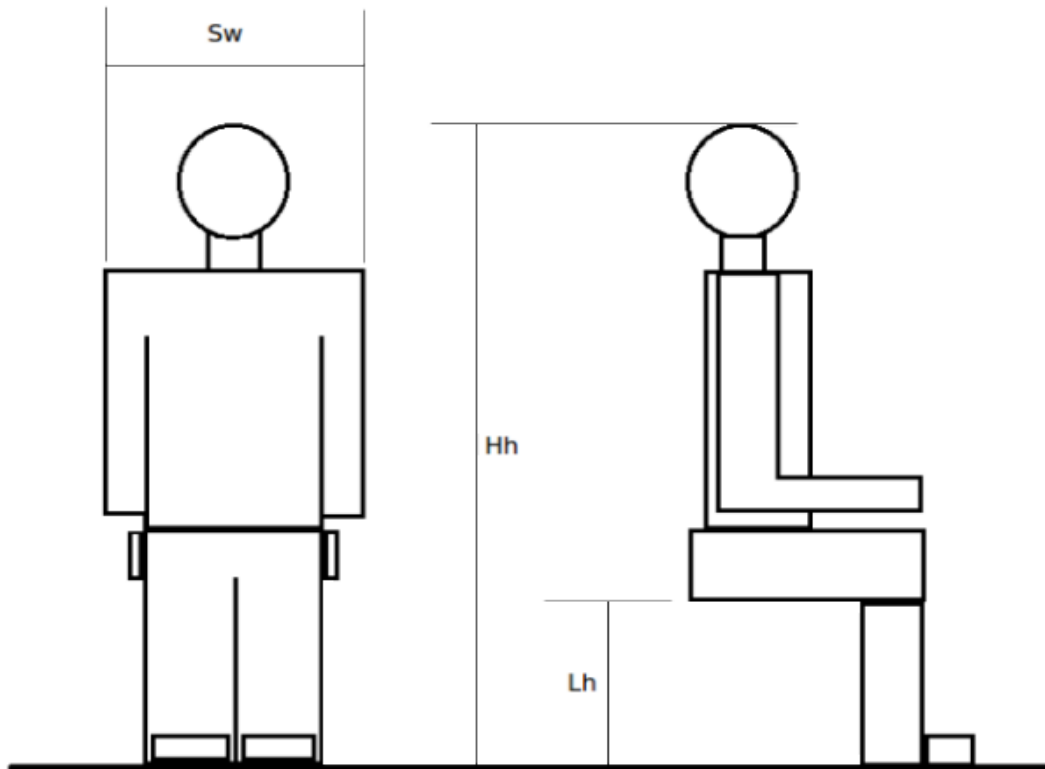

Diagram - 2: Your body dimensions when seated

Note: the length of your thigh and width of your body are not shown in this diagram. You will need to measure both to determine the width of your **QHR** inner walls.

If you decide to build a **QHR** I recommend you also obtain a copy of the Quantum Hologram Recharge Plan Set.

You may need to have someone help you measure these dimensions. Obviously if you are planning to build a bed room-sized **QHR** – you do not have to measure yourself.

Once you have your Head height (Hh), your Leg height (Lh), your Shoulder width (Sw), your thigh length and your body thickness (Tb) – you are ready to proceed to the next design step – the inside dimensions of your **QHR**.

To transform the seated model **QHR** into the standing model – just use your actual standing head height instead of your seated head height (Hh).

Add 1 foot to your Head height (Hd) dimension for the ceiling height.

Add 2 feet to your thigh length and body thickness (Tb) measurements. This is the width of each inner wall of your box.

Once you have your body dimensions and have decided which box type to build (seated or standing) you need to determine the installation location. Your **QHR** must be in an east-west compass line. This is important.

Next You need to obtain the building materials.

You will need to obtain 2x4s, steel lath and plaster of Paris in sufficient quantity to build 8 plaster wall panels and 1 plaster ceiling panel.

See Diagram - 3.

BEWARE – the use of Aluminum in any form is extremely DANGEROUS! DO NOT USE ALUMINUM – PERIOD!

Primary Wall Panels Materials

QTY	DESCRIPTION	REQUIREMENTS	COST (\$)
20	2x4x8 Pine studs - frame	4 per frame x 5 frames	\$82.40
8	2x4x8 Pine studs – center frame braces	2 per frame x 4 frames	\$32.56
14	Galvanized Steel Stucco netting 27" x 97" (x2)	2 per frame x 5 frames	\$139.58
4	25 Pound bags DAP Plaster of Paris (white dry)	1 inch thick with extrude	\$70.40
1	Box steel truss-head sharp Lath screws for wood	#8 x 1/2in Phillips	\$7.58
2	Steel bell boxes or electrical outlet boxes * (x2)	East + West inner walls	\$5.14
1	Radio ground kit (*)	Good Earth ground	\$30.53
20	Feet heavy gage wire for grounding# (x2)	Hook outlets to ground	\$25.60
1	5 gallon mixing bucket	Mixing plaster	\$3.98
1	Bucket scoop	For spreading plaster	\$6.46

NOTES: Earth Ground water pipe can be easily installed by making the pipe a water drill by obtaining a standard garden hose female couple to insert into one of the T 1/2" threads and insert one of the black iron plug fittings into the other T 1/2" thread. Connect the garden hose and work the pipe into the ground. Remove the garden hose couple and replace it with the remaining 1/2" plug.

* STEEL CITY 1-Gang Silver Metal Interior Old Work Standard Switch or Outlet Wall Electrical Box

(*)	1 Southland Pipe 3/4-in x 72-in 150-PSI Threaded Galvanized Pipe	\$22.39
	1 Mueller Proline 3/4-in x 1/2-in dia Galvanized Tee	\$3.98
	2 Mueller Proline 3/4-in dia Black Iron Plug Fitting	\$2.08

		\$30.53

Southwire SIMpull 8-AWG Stranded Red Copper THHN Wire (\$0.64/ft)(2)= \$25.60
NOTE: Available in black and white color insulation

Total Cost (\$)

\$404.23

Sales Tax Not Included

CONSTRUCTION NOTES: An electrician must connect the steel outlet boxes to the Earth Ground water pipe. This is why the bracket is not included in the materials list. The carpenter must drill outlet holes in the 2x4 frames for the ground wires - near the bottom. The plasterer will cut the holes in the lath for the outlet boxes and plaster around the holes. The electrician will install the outlet boxes when connecting them to the Earth Ground water pipe.

Quantum Hologram Recharger

Materials List - wall panels

Sheet 4A

Diagram - 3: QHR Materials List

NOTE: This page from the Quantum Hologram Recharge Plan Set will be available for free download for the next two months.* Also my friend will publish an eBook version of this book if the COVID-19 virus continues to spread in the US.

* www.29tec.us

NOTE: A Quantum Hologram *Recharger* (QHR) (of my friend's design) is a “Quantum Voltage device” because it causes the MC to release the **Quantum Current (Iq)** or **Quantum Energy** into the **recharge** chamber. See my friend and mentor's 2nd Quantum Field Interface Technology book: Quantum Interface Technology: How to restore your Quantum Holograms. And the companion Quantum Interface Technology: Training Circular - 401 IWOs and QHRs for more complete information about this *device*.

My friend and mentor has been investigating new materials that are less expensive and easier to assemble into an Orgone Accumulator of Dr. Reich's design or his Quantum Hologram *Recharger* (**QHR**). If this virus spreads I will release an Engineering Pamphlet based on Test Report - 57 so you can obtain these new materials and make a simple device to help your grandmother or grandfather breath easier.

- - S. Thompson

How to use your Quantum Hologram Recharger

IMPORTANT NOTE: If you are over the age of 40 and you are taking prescription drugs or alternative preparations for Hypertension (“high blood pressure”) You **NEED** to be very careful – sitting in a Quantum Hologram *Recharger* (QHR) or a Type-2, IWO QHA will lower your blood pressure after several months of daily use! You could experience an “unsafe” drop in blood pressure and pass out! NOTE: This statement has **NOT** been evaluated by the Food and Drug Administration (FDA). However it is a fact and you need to be careful when you stand up after sitting in one of these *devices*.

Using you **QHR** to recharge your **Holograms**:

- - **DO NOT** sit in your **QHR** after eating! Drink only water before you sit in your **QHR**.

1. Take off your clothes, jewelry, watches, and put on cotton or silk underwear if you do not want to sit in your **QHR** naked.
2. Sit as straight as you can facing East – do not slouch in your chair.
3. Sit with both feet on the floor.
4. Do **NOT** cross your legs!

5. Do NOT sit with your knees wide apart.
6. If your chair has arm rests – use them – else place the palms of your hands on your knees.
7. Do NOT touch the walls!

Your initial **level of charge** (LOC) determines how long you can safely sit in the **QHR** each day. If you are a **trans-superluminal** – you can sit in the **QHR** as long as you want without any danger of physical harm to your body. If you are not **fully charged** and you are not living the **Holographic Life** – I advise you to sit in your **QHR** for no more than 15 minutes a day.

If you are deeply **discharged** – you will “feel” nothing the first time you sit in your new **QHR**. In fact you may feel bad after you sit in your **QHR** – because it **drained** you! It will probably take you at least a week of carefully **recharging** yourself – sitting in the **QHR** for no more than one half hour (two 15 minute sessions spaced 4 hours apart)* the first 5 days – before you can “feel” anything or begin to notice any of the “symptoms” of **QHR** use. See Annex - 2 for a list of these physical symptoms of **QHR**. * recommend 10:00AM and 2:00PM

Check your **Test Pattern** each day before and after you sit in your **QHR**. Record what you “see” - written descriptions can be used instead of sketches or drawings. This will allow you to chart your progress. This is also an excellent time to practice correct **breathing** and meditation.

If you do not know what your Test Pattern is or how to check it refer to Vol 1, No 2 of Human Quantum Holograms magazine.

SECTION 2 – EMERGENCY PROCEDURES

WHEN PROFESSIONAL MEDICAL HELP IS NOT AVAILABLE THE FOLLOWING EMERGENCY ALTERNATIVE MEDICAL PROCEDURES MAY SAVE YOUR LIFE

NOTE THESE EMERGENCY PROCEDURES HAVE NOT BEEN EVALUATED BY THE U.S. FOOD AND DRUG ADMINISTRATION

1. OREGANO OIL

Obtain and start taking Oregano Oil (gel caps and oil) per the University of Tennessee study based on the book the Cure is in the Cupboard by Dr. Cass Engrams and our use of this amazing herb.

North American Herb and Spice P73 Formula wild crafted Mediterranean Oregano Oil

Dose: 6 gel caps 3 times per day and 4 drops of the oil under the tongue (sublingual) 3 times per day. **DO NOT PUT THE DROPS IN THE BACK OF YOUR THROAT – THE OIL IS AROMATIC AND WILL GAG YOU!**

2. COLLOIDAL SILVER

Obtain and start inhaling the mist of Colloidal Silver

Sovereign Silver brand Colloidal Silver, 10ppm in the spray bottle

Dose: Inhale three sprays of Colloidal Silver 3 times per day

IF these lifesaving alternative medicines are not available or the shelves are empty – skip to the next section.

SECTION 3 – THE POWER OF PRAYING TO THE SUPREME BEING

WHEN YOUR LOVED ONE IS SICK AND DYING DO NOT HESITATE TO ASK THE SUPREME BEING TO HEAL THEM – TO SAVE THEM!

You may not know this – the power of non-focused, non-specific prayer was documented by two different Universities in the early 1980s each using double blind tests.

Imagine what specific, focused prayer can do!

If you or your loved one is dying from the “Corona” Virus (COVID-19) or any disease – do the following simple procedure:

1. Find a quiet place where you can be alone and undisturbed for several minutes.
2. Sit in this quiet place and try and relax.
3. Breathe deeply several times with your eyes closed.
4. Then silently say the following:

Supreme Being, Great Spirit, Maker of All things please heal (insert the name of the person you want to heal ex: me or my wife). Remove the corona virus from their bodies. Help them (me) breathe easily. Thank YOU, thank YOU for everything!

ASK AND YOU SHALL RECEIVE!

Annex – 1 The Laws of Quantum Hologram Mechanics

The following Quantum Holographic Laws were compiled after extensive testing of Quantum Hologram *devices and systems*:

1st Law: Nothing is impossible – and with sufficient **Quantum Energy** anything is possible.

2nd Law: Earthling Human Beings with both Quantum Holograms can *program* (and control) any *device* or *system* or *technology* directly via the M2 Interface.

3rd Law: The **signal** of a living body of greater **Quantum Energy** overwrites any nearby living body of lesser **Quantum Energy**. [Abram's Law] This process **discharges** the stronger living body.

4th Law: Quantum **Current (IQ)** flows from weaker Quantum Holographic bodies to a stronger (**fully charged**) Quantum Holographic body.* A Quantum Voltage (**VQ**) *device* outputs Quantum Current (**IQ**) when it is connected to a *living system*.

5th Law: No organism, physical body or Quantum Holographic: *device* or *system* or *technology* can violate the 4th Law by itself or exceed (overcome) the 6th Law.

6th Law: No *device* or *system* or *technology* will work for 100 % of the population 100% of the time. [Hieronymus' Law]

7th Law: *Device failure* can occur for two basic reasons: **Mind** power (1st Law) or Quantum Holographic Power (2nd Law)

$$\Delta DF = \Delta M + \Delta HP$$

$$\Delta M = \Delta MI + \Delta CS$$

$$\Delta S = \Delta H1 + \Delta H2$$

(DF = *Device Failure*, **M** = **Mind**, HP = Quantum Holographic Power, **MI** = Mind Interface, **CS** = Consciousness, **S** = **Signal**, **H1** = Hologram1 and **H2** = Hologram2)

8th Law: Any unbalanced **Quantum Energy field** within a **charged body** will cause a net **transmission** of **Signal** in the direction of the **weaker** or erratic part of the **QE field** inside the **charged** body or *device*. [The Law of Balance]

9th Law: Quantum particle behavior synchronization is lost when quantum particles move through alternating layers of repeating materials and the pattern the quantum particles expect to **see** changes or does not occur. [The Law of Change]

10th Law: When two living sentient beings with **fully charged** Quantum Holograms **merge** or “become as one”, a third **new** Quantum Hologram (and physical being) is produced. (a **Newbe**.)

11th Law: Quantum **Voltage** (V_Q) is equal to Quantum **Current** (I_Q) times Quantum **Resistance** (R_Q). $V_Q = I_Q * R_Q$

12th Law: Electromagnetic radiation (radio waves) “irritates” the **Material Cause (MC)** – which adversely affects the **Quantum Hologram of Life** near the irritation. [The Law of Irritation]

13th Law: Ionizing radiation (radioactive decay) “upsets” the **Material Cause (MC)** – which causes a reaction within the **MC** in response to the insult of radiation. [The Law of Reaction]

14th Law: The 12th Law and 13th Law are not the same. The **Material Cause (MC)** “reacts” to the insult of ionizing radiation to protect the life it has brought forth. The **MC** makes it possible for all electromagnetic radiation on the spectrum to occur. “Natural” sources of emf do not cause irritation.

Version 1.2, November 2018

Annex – 2 The physical symptoms of Type-2, IW-QHA use

When a person sits in an IW-QHA that totally irradiates the organism for 1 or 2 times daily, 15 to 45 minutes each – the following is observed:

1. Feelings of prickling, heat and tingling
2. Skin becomes red (face and neck more so)
3. Body temperature increases (fever)
4. Pain disappears

When this same IW-QHA (total immersion) is used daily over a period of months:

1. Anemia is eliminated within 3 to 6 weeks
2. Blood pressure drops (“vascular hypertension”)
3. The skin becomes tanned
4. User no longer gets sick during flu season

IMPORTANT NOTE: NONE OF THESE CLAIMS MADE BY THE ORIGINAL PIONEER WERE EVER EVALUATED BY THE FOOD AND DRUG ADMINISTRATION!

NOTE: Most of these physical symptoms are observed when using a QHR – however you shall not feel prickling or tingling sensations nor shall your skin become tanned. Additionally I have no information about Anemia. However I suspect the QHR will heal a person of Anemia just as it does Cancer.

In summary - using a QHR will yield:

- Increase in body temperature
- Elimination of pain
- Blood pressure drops
- You no longer get sick during flu season
